ABSTRACT

This report provides information on all approved programs offered at Colorado's public postsecondary institutions as of December 31, 1993, including the 44 programs approved during the past year. There are currently 1,086 approved, operating degree programs in Colorado's public postsecondary system: 803 at four-year institutions and 283 at two-year colleges. Baccalaureate degrees comprise the largest number of degree programs (37 percent), followed by graduate (35 percent) and associate (28 percent) programs. The program areas with the greatest number of baccalaureate and post-baccalaureate programs are Engineering (98), Social Science (90), Physical Science (69), Education (66), and Life Science (61). Tables present the following data: (1) a summary of degrees offered by level, (2) a program matrix by degree level and discipline, (3) a program matrix by institutional type, (4) a list of the new approved programs, and (5) the types and levels of degrees offered in Colorado by degree level and type of funding. Appendices, comprising most of the report, lists the degrees offered by institution, by program names, and by delivery site (for the off-campus degree programs). (GLR)

INTRODUCTION

Since 1976, the Commission has published APPROVED POSTSECONDARY DEGREE AND CERTIFICATE PROGRAMS IN COLORADO PUBLIC COLLEGES AND UNIVERSITIES report. This edition provides information on all approved programs offered at Colorado's public postsecondary institutions as of December 31, 1993, including the forty-four programs approved during the past year. Degree programs discontinued or phased out by institution or Commission action are not included in this publication. Only academic programs eligible to admit and enroll students during the 1993-94 academic year are listed.

COLORADO PUBLIC POSTSECONDARY EDUCATION SYSTEM OVERVIEW

By statute, the Colorado Commission on Higher Education has the responsibility to review and approve proposals for new programs offered in Colorado's public colleges and universities. The statute (C.R.S. 23-1-107(1)) states:

> The commission shall review and approve, consistent with the institutional role and mission and statewide educational needs, the proposal for any new program before its establishment in any institution.

Colorado has 28 accredited, state-supported higher education institutions, each with a statutorily-defined role and mission. Based on the role and mission statements, the 28 institutions are clustered into four institutional sector groupings:

- Research Universities:
  - Colorado School of Mines
  - Colorado State University
  - University of Colorado - Boulder
- Medical Center
  - University of Colo. Health Science Center
- Universities and Colleges:
  - Adams State College
  - Fort Lewis College
  - Mesa State College
  - Metropolitan State College of Denver
  - University of Colorado - Colorado Springs
  - University of Colorado - Denver
  - University of Northern Colorado
  - University of Southern Colorado
  - Western State College

- Community Colleges:
    - Aims Community College
    - Arapahoe Community College
    - Colorado Mountain College
    - Colorado Northwestern Community College
    - Community College of Aurora
    - Community College of Denver
    - Front Range Community College
    - Lamar Community College
    - Morgan Community College
    - Northeastern Junior College
    - Otero Junior College
    - Pikes Peak Community College
    - Pueblo Community College
    - Red Rocks Community College
    - Trinidad State Junior College

TYPES AND LEVELS OF DEGREES OFFERED IN COLORADO

DEGREE LEVEL

The level of degree/diploma/certificate conferred upon the student for the successful completion of a program. In Colorado, the following degree and / or award classifications are used:

Certificate
- Vocational certificates
- Post-Master's Certificate

Degrees
- Associate of Applied Science (AAS)
- Associate of General Studies (AGS)
- Associate Degree (AA or AS)
- Bachelor's Degree (BA, BFA, BS)
- Master's Degree (MA, ME, MS, MBA)
- First-Professional Degree (DDS, DVM, JD, MD, PHARM.D.)
- Doctor's Degree (PH.D)

Certificates (less than 1 year)
Requires the completion of a program that would be completed in less than 1 academic year (2 semesters or 3 quarters) or less than 900 contact hours.

Certificate (at least one but less than two academic years work)
Requires completion of an organized program of study at the postsecondary level of instruction at least one but less than two full-time-equivalent academic years.

Certificates (at least two but less than four academic years)
Requires completion of an organized program of study at the postsecondary level in at least two but less than four full-time-equivalent academic years.

Post-Master's Certificate
Requires completion of an organized program of study of 60 credit hours beyond the master's degree, but does not meet the requirements of a doctoral degree program.

Associate Degree
Normally requires at least 2 but less than 4 years of full-time equivalent college work.

Bachelor Degree
Normally requires at least 4 but not more than 5 years of full-time equivalent college-level work.

Master Degree
Requires the successful completion of a program of study of at least the full-time equivalent of one but not more than two academic years of work beyond the bachelor's degree.

First-professional Degree
Requires completion of a program that meets all three of the following: (1) Completion of the academic requirements to begin practice in the profession; (2) At least 2 years of college work prior to entrance to the program; and (3) A total of at least 6 academic years of college work to complete the degree program, including prior required college work plus the length of the professional program itself. The following 10 fields are recognized as awarding first-professional:

Chiropractic (D.C.)	Dentistry (D.D.S. or D.M.D.)
Medicine (M.D.)	Optometry (O.D.)
Osteopathic Medicine (D.O.)	Pharmacy (Pharm. D.)
Podiatry (Pod.D. or D.P.)	Veterinary Medicine (D.V.M.)
Law (L.L.B. or J.D.)	Theology (M.Div. or M.H.L.)

Nursing (N.D.) is not recognized by National Center for Educational Statistics as a first professional program. Due to the experimental nature of the nursing doctorate program, the state of Colorado, however, classifies it as first professional.

Doctorate Degree.
Requires work at the graduate level that terminates in a Doctor's degree. The doctor's degree classification includes such degrees as Doctor of Education, Doctor of Juridical Science, and the Ph.D in any field.

TYPE OF FUNDING

Resident Instruction are certificate and degree programs approved by the Commission, offered on the campus or within the service region of the community college, that are supported by state funding.

Off Campus State Funded Programs are complete degree programs offered by a four-year college or university at another institution's campus or at another approved site. Off-campus programs may be approved for state-funding or cash-funding only. There are no restrictions on degree level or the discipline for the programs offered. The current funding priorities favor rural programs. See Appendix C for a complete listing of the state-funded off-campus programs.
